8K MILES SOFTWARE SERVICES AND CORNERSTONE ADVISORS GROUP JOIN FORCES TO EXPAND SERVICES TO U.S. HEALTHCARE ORGANIZATIONS

[GEORGETOWN, CONN] 8K Miles Software Services, Inc., a leading provider of secure Cloud solutions and managed services for highly regulated industries and enterprise information technology business transformation solutions, today announces the closing of acquisition of Cornerstone Advisors Group, LLC, a national leader in health information technology advisory and implementation services. The acquisition brings the world-class Cloud hosting and technology solutions of 8K Miles to Cornerstone's clients, allowing them to further optimize their EHR efforts, manage data more effectively, improve patient care, and reduce healthcare costs.

Suresh Venkatachari, Chairman and Chief Executive Officer of 8K Miles, said, "Our existing Cloud and security platforms coupled with Cornerstone's management consulting, healthcare information technology implementation, and advisory services enhances 8K Miles' mission of guiding the U.S. healthcare industry in Cloud managed services, secured Cloud solutions, and strategy consulting."

Cornerstone Advisors Group provides executive level information technology advisory, consulting, and implementation services to the healthcare provider industry. Cornerstone partners with every client to drive meaningful change, add value, and maximize return on investment by delivering consulting and technology implementation services to providers.

MORE

Cornerstone's vast areas of expertise include: population health and ACO enablement, physician and post-acute care integration, EMR selection and implementation, strategy definition and total cost of ownership planning, compliance, change management, and value realization.

Cornerstone's consulting and advisory services includes a broad range of assessment, planning, and management offerings to help IT, clinical, and executive leadership establish a shared agenda, align IT strategy with business and clinical objectives, and to fully capitalize on an organization's investment in technology. Cornerstone's integrated CxO level client relationships coupled with 8K Miles' digital and Cloud solutions is a step forward in providing business solutions to large clients on a Software-as-a-Service (SaaS) model. Cornerstone has an active base of nearly 50 of the industry's leading US healthcare delivery organizations.

Keith Ryan, Founder and Managing Principal of Cornerstone Advisors Group, added, "We are extremely excited to join 8K Miles. The synergistic opportunities between our respective organizations enable Cornerstone Advisors to drive new value to our clients. 8K Miles' world-class, Cloud services and technology solutions blended with Cornerstone Advisors' HIT advisory and implementation expertise creates a unique and comprehensive service. Cornerstone's leadership team and our associates will continue to deliver extraordinary value to our collective healthcare clients."

Ryan and the entire Cornerstone Advisors management team will continue to run the business as a unit of 8K Miles serving the U.S. healthcare market. The acquisition of Cornerstone adds more than 50 top healthcare experts, consultants and practice directors in the U.S. with deep domain knowledge in healthcare information technology services.
