

Cornerstone Advisors will be presenting at the 2013 International MUSE Conference

Please stop by our booth #328, and join us for the following presentations:

1104 • Nomenclature Mapping *National Harbor 4 • Wednesday, May 29th, 1:30 pm*

Learn how nomenclature mapping tools such as Intelligent Medical Objects (IMO) are a critical element to any ICD-10 and Meaningful Use Compliance Strategy.

1209 • Breaking through the CPOE Glass Ceiling *National Harbor 13 • Thursday, May 30th, 1:30 pm*

CPOE beyond the early adopter. This presentation will provide key strategies to raising the CPOE adoption bar. Move beyond the early adopters and achieve near universal adoption of CPOE.

1101 • Meaningful Use Compliance Audit *National Harbor 3 • Friday, May 31st, 10:00 am*

Gain new insights, tips and strategies on how to prepare for, and successfully respond to, a Meaningful Use Compliance Audit.

1197 • A View through the Portal *Potomac 3 • Friday, May 31st, 1:30 pm*

Prepare your organization for the setup, implementation, and management of the MEDITECH Patient and Consumer Health Portal.

1192 • What's Up Front Counts *National Harbor 6 • Friday, May 31st, 2:30 pm*

Obtain advice and gather meaningful strategies from our Revenue Cycle Experts on how to optimize your revenue cycle and maximize cash flow.

1200 • Clinical Review (EPS) – What's In it for You? *National Harbor 4 • Friday, May 31st, 3:30 pm*

Gather insights and tips on how to get the most from your Clinical Review module.
